HELIOS

The Helios yacht is designed to offer an abundance of space, making it perfect for guests who want to relax and fully enjoy their time on the water. One of its most standout features is the expansive flybridge, where guests can soak up the sun, enjoy a meal at the outdoor dining table, or unwind in the Jacuzzi. It's an ideal space for socializing or simply taking in the breathtaking sea views, creating a vibrant yet relaxed atmosphere.

Inside, the yacht boasts a bright and open feel, with large windows that fill the interior with natural light. The layout includes five spacious cabins, comfortably accommodating up to 12 guests, ensuring that everyone has their own private space. Each cabin is equipped with its own en-suite bathroom, offering both convenience and comfort for all on board.

With smooth cruising capabilities and impressive speeds, this yacht is perfect for both short trips and longer adventures at sea. A dedicated crew, including a skilled captain and attentive team members, ensures that every aspect of your experience is catered to, making the Helios yacht a perfect choice for a worry-free and unforgettable yachting journey.
