VALMONT

The Valmont yacht is all about open spaces and luxurious comfort, with its standout feature being the exceptionally large flybridge. Designed for sun lovers and those who enjoy dining outdoors, this expansive area offers multiple lounging options, including convertible sun beds that transform from the Jacuzzi for ultimate relaxation. Whether you're enjoying a casual drink or hosting a small gathering, the barbecue setup and Bose sound system add an extra layer of enjoyment, creating the perfect atmosphere for socializing with stunning views all around.

Inside, the yacht's design exudes warmth and comfort. Large windows flood the saloon with natural light, offering uninterrupted views of the sea, and making the interior feel airy and inviting. The open-plan main saloon, combined with comfortable furnishings, creates a relaxed space where you can easily entertain or unwind. The full-beam master stateroom is a private retreat with its own Jacuzzi, seating area, and desk, offering a peaceful escape with panoramic windows that keep you connected to the ocean.

While the focus is on comfort and relaxation, the yacht also includes modern entertainment options like an 8K TV, adding a touch of luxury for those who want to enjoy some downtime indoors. The Valmont perfectly balances elegance and comfort, making it an ideal choice for those looking to enjoy life on the water in style.
