OPAL

The Opal brings a rare combination of space and comfort that sets it apart from other yachts in its class. Designed with both relaxation and entertainment in mind, this yacht is perfect for intimate gatherings, family outings, or romantic escapes. Outside, the expansive flybridge provides a generous amount of space, ideal for lounging, socializing, or simply taking in the stunning ocean views. Whether you're looking to enjoy a relaxed afternoon under the sun or sip cocktails as the sun sets, the exterior layout offers plenty of room for everyone to spread out and enjoy the moment.

Step inside, and you'll find a thoughtfully designed interior that feels both cozy and spacious. The open-plan saloon and galley make it easy to entertain, while the three guest cabins, including a luxurious master suite, offer a retreat-like atmosphere after a day on the water. The yacht's layout ensures that you and your guests never feel confined, with plenty of room to move around and enjoy a seamless indoor-outdoor experience.

What makes the Opal truly special is its ability to adapt to your needs—whether it's an adventurous day of cruising or a quiet, private getaway. With its sleek design and ample space, it offers the perfect blend of style, performance, and comfort for those who appreciate a yacht that delivers more than just a day on the water—it offers an unforgettable experience.
